WE WILL REMEMBER THEM

NF PAY THEIR RESPECTS AT THE CENOTAPH AND SALUTE BRITAIN'S WAR DEAD.

The parade our opponents said would never happen again, took place on Remembrance Sunday, November 10th 1996 with the full co-operation of the London Metropolitan Police. Despite it being a bitterly cold and wet day it did not prevent National Front members (many were war veterans) attending and paying their respects.

Although not being one of the biggest NF parades it was, nevertheless held with the utmost dignity and respect.

For once, there was no cat calling or shouts from any Red scum during the NF's minutes silence or any opposition from anti-British groups. This is the way it should be, as the NF have always stated this ceremony is strictly a non-political event.

It was good to see so many young National Front supporters attending and carrying on the National Front's proud tradition of parading to the Cenotaph on Remembrance Sunday.

As well as remembering those who fell in two World Wars in defence of Britain. The National Front also remembers those of our armed forces who have fallen in other conflicts. We particularly remember our soldiers killed by the murderous I.R.A. Although this 'war' has now been going on for twenty-five years and has cost the lives of over 3,000 people, the army and security forces are still being prevented from rooting out and ultimately defeating the IRA

We also remember the members of our armed forces who died in the Korean War, Palestine, Aden, The Falklands and the Gulf War. In all these conflicts our British serviceman gave us so much to be proud of.

It is an unfortunate irony that large numbers of these serviceman and women many of whom fought in defence of other peoples liberty as well as our own, will now be finding themselves without jobs or even somewhere to live as a result of the Conservative government's defence and pension cuts.

The National Front is proud to be paying our respects to Britain's servicemen and women who have died in defence of this Country and we find it very distasteful that the Conservative Party still has the effrontery to participate in such acts of remembrance.

EDITORIAL No 4

The Newspaper of THE NATIONAL FRONT

Editor: John McAuley.
Contributors: Norman Tomkinson, Tony Marlow and Steve R.

As you are able to see in this issue of 'The Flame' the National Front has come through one of the most difficult periods in it's twenty-nine year history. This would never have happened without the loyal commitment of branch organisers, members and supporters, so on behalf of the National Front we applaud and salute you.

With a successful Annual Party Conference in Great Yarmouth and the recent Annual National Front Remembrance parade to the Cenotaph in London to pay our respects to British and Commonwealth war dead we have certainly ended the year on a high note. We are still not finished yet for 1996. As I write this editorial the National Front is preparing for an open air rally in Tipton, West Midlands.

All these events have taken place in the space of two months - not bad for a party that our opponents say is finished! As our enemies must well know, the NF is still very much alive and kicking, which is why they are squirming in their seats and looking enviously at the rapid growth of the party during 1996. With the restructuring of the Party and a new Chairman and Directorate along with 'The Flame' has added all the more to our success.

What a remarkable achievement it has been to produce and sell 'The Flame' in such large numbers! With very little experience and knowledge of putting a journal together, the editorial team and myself have worked together and achieved what seemed to be the impossible. The things for us to do now is to try to improve the quality, size and availability of 'The Flame' that will be one of our tasks for 1997.

Other tasks will be:
To field ten candidates in the general election.
To improve our membership.
To distribute even more NF literature.
To move the Party forward in a positive, constructive and sensible way, as well as make friends, new and old.

BRANCH EFFICIENCY LEAGUE

1. South London& Kent	***(WINNERS)***	**3,542pts**
2. Dudley & Wolverhampton	***(RUNNER'S UP)***	**3,371**
3. Home Counties North		**2,950**
4. Birmingham		**2,872**
5. Great Yarmouth		**2,145**
6. West London		**1,733**

South London & Kent are this years league champions. They have been out and about distributing literature in Bromley,Beckenham Bermondsey,Dulwich,Downham, Penge,Sydenham,as well as Ulster and Scotland. Their branch meetings attract audiences in excess of forty and are intending to contest Beckenham plus one other seat at the General election.

Dudley & Wolverhampton came a very close second this yearand will be pushing South London even harder next year for top spot.In May they fielded a candidate in the council elections and regularly receive local press coverage. They also helped hold a rally in Tipton recently and distributed hundreds of leaflets. The branch will be contesting at least one seat in Dudley at the General election. Under the responsible guidance of NF Life President John Lord attendance at their meetings has increased which has resulted in them now being able to mount leafleting campaigns throughout the Black Country. It shows that regularly held meetings are the backbone of any political activity and that communication with branch members on a regular basis is the key to success.

Home Counties North have been carrying out regular activites in Hemel Hempstead and Watford.Their branch meetings continue to attract both old and new members with ever increasing amounts of literature being sold.The local branch is hoping to contest Hemel Hempstead and Watford at the General election depending on funds. Renewals for 1997 are urgently needed now.

Great Yarmouth were host branch to this years very successful Annual Conference. Recently they have been busy distributing literature in Lowestoft,Gorleston,Bungay,Beccles, Yarmouth and Caister. Last month they held another successful meeting in Norwich and also laid a wreath at the war memorial in Gt Yarmouth So far they renewal rate for 1997 is excellent.

Birmingham continue to hold joint well attended meetings, and continue to distribute literature all over the country. Recently they have been out in Aston, Birmingham, Solihull, Tipton, Liverpool, Crewe, Tranmere, Malvern, Worcester and Sheldon. Sales of literature continue to rise and more activities have been planned.

West London are determined to improve their league position next year and have got off to a flyer. They have picked up past and new members in recent weeks as well as renewals for 1997. They have been very busy putting out literature in Hayes,Hounslow,Isleworth,Chiswick,South Harrow,Slough and Windsor. The local branch will contest one seat at the General election.

WALSALL the newly re-activated branch of the National Front is now fully operational with a new committee. Regular monthly meetings are being held and, thanks to good and responsible work of it's member's, rapid progress has been made. A steady and continuous recruitment campaign along with other activities is paying big dividends and gaining coverage in the local press.

Things are happening fast for Walsall NF and they are confident of fielding one if not two candidates at the forth coming General election. This will be an enormous task for any new branch still finding it's feet, especially when it comes to raising the funds. However, they are highly optimistic that the money will be raised but will need all the support that can be given. Therefore, if you are able to help please do so ,by sending your donations to either Walsall's PO. Box or to Head Office, PO. Box. Both addresses can be found on page 4.

The National Front - No Surrender.

WHERE WILL IT ALL END....?

When headmaster Philip Lawrence was murdered outside his school in December 1995 the whole Country was shocked, the story made headlines in every newspaper. In less than a year his murderer has been caught tried and convicted revealing the whole waste, tragedy and sordidness of the crime.

Swaggering Learco Chindamo was ordered to be detained at her Majesty's pleasure for stabbing Mr. Lawrence.

It appears to be a case of "like father like son," for Chindamo Snr is serving 15 years in a Rome prison over a little matter of throwing sulphuric acid into a women's face in a drug incident.

Massimo Chindamo also has convictions for arson, assault, extortion and the illegal possession of guns and explosives.

He is know to Italian police as a Mafia gangster.

Chindamo Jnr's half oriental features come from his Filipino mother Paqvita Torres, who married in Italy in 1977, but by 1985 she had fled to the Philippines to escape her violent husband. Although by now she had acquired an Italian passport which gave her the "right" to live in any E. U. Country. She decided to move to Britain after hearing of its welfare system, she arrived in London in 1988 with her children.

Torres made the right decision, within weeks of arriving she was given a three bedroom flat by Camden Council. In 1989 she divorced Chindamo Snr and married her Moroccan toyboy lover, 12 years her junior, Presumably by marrying a "E. U. citizen" this gives the Moroccan drunkard the "right" to live off our Country as well. Neither Torres or her new husband has done a days work in three years.

Sneering murderer Learco Chindamo's half - oriental look gave him the opportunity to join the Triads and he was a prominent member of the Woo Sang Wu or Street Warriors.

Maybe, just maybe this is a warning to us of what is to come. This could be the tip of the iceberg, for when Red China take over Hong Kong they will not tolerate criminally minded scum like the Triads, and the Triads know it. They won't be able to get out of Hong Kong. fast enough

POSTSCRIPT: Learco Chindamo's old school Quinton Kynaston in St. Johns Wood, London was recently the scene of a revenge attack. Fourteen South American youths came mob handed at lunch time and attacked two Somalian youths with Knives, bricks and bottles. Police are treating it as a racial attack.

PARASITES & SPONGERS ARE DESTROYING BRITAIN

What kind of society have our politicians created?

Parasitically spongers, mainly foreigners, aided and abetted by politicians of the three main political parties are threatening the economy of this Country.

African country ex-diplomats sacked from their positions are sponging of the British taxpayer.

Whilst many indigenous families are living in Bed & Breakfast accommodation or even on the streets, these people are living in luxury accommodation paid for by the taxpayer.

An ex - Somali Press attaché said that many of her compatriots decided to accept benefits from Britain rather than return to their home Country. She also mentions that the benefits are attracting a ***flood*** of undesirables from her homeland, including many of the gunman who worked for Somali warlords.

This information was given in a week when it was revealed that the Budget deficit was going to be £27 billion, to the delight of the International Bankers from whom it is borrowed and who control and manipulate our politicians.

No wonder the sleaze and corruption in Parliament continues to grow. The European Parliament is just as bad, even worse, for a recent TV programme revealed the extent of the corruption with MEP's and their associates claiming false expenses and perks amounting to millions.

Our hospitals and schools remain under-funded yet billions is given away to foreign spongers. Our NHS is being over - whelmed by foreign patients who are given priority over their British counterpart.

White people over the age of 75 are being denied treatment. If we denied coloured patients it would be described as discrimination, if not racism.

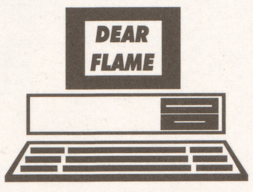
Thousands of foreigners infected with HIV are arriving at our shores to take advantage of welfare benefits. They are given free accommodation within weeks of arrival and are granted immediate medical treatment.

Amongst them are at least 120,000 carriers of the Hepatitis virus not to mention the thousands of sickle - cell disorder carriers.

How long are the British electorate going to allow this madness to continue?

Only the National Front are prepared to face up to the truth and to offer a solution to the British people.

LETTERS TO THE EDITOR



To: P.O.Box 274, Hemel Hempstead, Herts,HP2

Dear NF:

I duly received your circular of Oct/Nov, I would like to offer my cautious congratulations on keeping the NF alive.

I am probably one of the oldest NF supporters, for I was there even before J.T. I have watched its fortunes slide from its zenith in the days of J.T. and M.W. to its ultimate decline under I.A.

I hope you will be able to rebuild the party to its former greatness. The very fact that you held on to the name National Front should give you the impetus you now need. I say no more, other than to send my best wishes and hope the news you send me from time to time will restore confidence back in mine and many others to the NF and its crusade.

Name with held by request

Dear NF:

Thanks for sending me your information pack, since being a member some years ago, I have lost touch a bit, but after seeing your excellent recruitment stickers all over East London, I will definitely be rejoining again.

Mr. Smith, East London.

Dear Sir:

Thank you for sending me your various items of literature recently.

I don't wish to pursue an active involvement in any organisation at this present time, but I would certainly like to subscribe to 'The Flame.' Could you send me the first two issues, then I would like to receive it from issue No 4

Mr.Johnstone, Staffordshire.

Dear Sir/Madam.

I recently noticed a sticker of yours on the underground (District line). The only information was your address, I wondered if it would be possible for you to post some details of the National Front to me.

Your organisation is surrounded by hype I would be grateful if you could separate fact and fiction for me. In the meantime, I would like you to know you have my full support.

Yours, Mr. Abbot, Essex.

Dear Sir,

One bit of information for you in your war against Anderson: Ted Budden has decided to STOP writing for the Flag permanently.

I hope you can use his break with Anderson as another little nail in the Demoprats coffin.

Name, not supplied

Editor's reply: Thank you, for the information about Ted Budden, we did try to warn Ted about Anderson over a year ago, unfortunately for Ted, it looks like he has now find out for himself what a lying cheating ponce, Anderson is.

We don't hold any grudges against Ted, as Anderson is very good at hoodwinking people, if Ted feels like giving us a ring, I am sure he will get a good reception.

Dear Flame:

I brought your newspaper last week, from one of your very helpful sellers in my local high street.

I have read through it and find I am in total agreement with you.

I enclose my cheque for membership and subscrition to The Flame.

Mr. Brown, Bermondsey.

1996 NF CONFERENCE GREAT YARMOUTH

The Annual National Front Conference was held on Saturday 19th October at a hotel centre in Great Yarmouth, Norfolk. The conference proved to be very SUCCESSFUL with delegates attending from all over the Country.

The day was well organised and passed off smoothly with party resolutions, debates, awards and presentations as well as speeches from NF heads of departments, the collection and literature sales was the highest for many years.

Listed below is a full run down of the days conference agenda:

1:30 PM. Opening address - by John McAuley - National Front Chairman.

1) *Party Resolution:*

That in future any party member promoting a change in the name then he/she would face disciplinary action with possible expulsion from the party.
Considering recent events with yet another attempt to destroy the National Front from within we change and include this ruling in the new constitution of the party.

Proposed: John McAuley (Hemel Hempstead)
Seconded: Bernard Franklin (Hemel Hempstead)

This important change was passed and will be entered into the NF constitution.

2) *'The Flame' - report on issue No 3 and future issue's.*

It was reported 'The Flame' had been greatly received by the membership and from friends outside the Party.

The paper's tougher approach had proven most welcome and it was hoped there would be a more frequent print run. Sales had reached an all time high thanks to NF organisers increasing their orders. Overall, very satisfactory, which will only get better.

3) *British Heritage Report:*

It was reported that British Heritage was one of many ways in which to raise funds for the Party. Tickets that B. H. bought for The Royal Tournament had sold out and the day was very enjoyable for members and their families. More social events are being organised for 1997.

4) *Overseas Liaison Dept. Report:*

Tom Holmes, who has recently taken over this department, reported that he was eagerly awaiting the necessary NF literature to send out to various organisations around the world.

5) *Young NF Report:*

This very important department, which has just been re-activated after a long gap. The *NEW* Organiser, Wayne Ashcroft, again gave one of his enthusiastic speeches to the membership and it was clear that the YNF is in good hands. It was reported that as it is still early days it will take some time for the YNF to really start getting anywhere. With hard work and commitment, their is no doubt it will become a success.

6) *Party Resolution:*

A) That no homosexuals (male or female) or drug abusers be admitted to membership of the National Front.
B) That members subsequently found to be homosexual or drug abusers will immediately be expelled from the Party.

Proposed: Tom Holmes (Great Yarmouth)
Seconded: David Tywell (Great Yarmouth)

This resolution was passed

After years of trying to get it to the Conference, a change in the NF's leadership ensured this motion would be put to the Conference membership.

7) *Results of the NF branch efficiency league and the presentation of the cup:*

Report was given by Michael Stoneman(pictured)
Presentation by Party Chairman John McAuley.

1st. South London. Cheque for £25 and the Cup
2nd. Dudley and Wolverhampton. Cheque for £15.

8) *Finance report - Norman Tomkinson:*

It was reported that the party's finance's were in good hands and that money coming in was being used wisely. Also, as the Party progresses it uses up it's funds quicker, this is a continuous uphill struggle but despite this however, the Party is not only surviving but moving forward. It is also good to see proper financial reports every month.

9) *Life Presidents:*

A presentation to John Lord (Dudley and Wolverhampton, NF). After John's continuous efforts for the Party at both branch and directorate level it was only fitting that the Party recognize his commitment and achievements. A plaque will be presented to John.

10) *Party Resolution:*

The National Front re-affirms it's total commitment to maintaining Northern Ireland as part of the United Kingdom for ever, and that we continue our opposition to the cowards of the IRA.

The National Front makes no claims to rule Southern Ireland nor do we wish Southern Ireland to become part of the UK.

Ulster is British forever.

Proposed: Norman Tomkinson (Birmingham)
Seconded: John McAuley (Hemel Hempstead)

This resolution was passed.

Norman Tomkinson reminded the conference of the Birmingham pub bombings that killed and maimed many British people and John McAuley added, the NF will always stand by the good people of Ulster. The three main parties, Tory, Labour, and Lib/Dems were all betraying Northern Ireland and would continue to do so. Only the NF could be trusted to maintain opposition to the IRA and it's ultimate destruction.

11) *The Albert Mariner award:*

This presentation was put back to a future meeting in 1997.

12) *Raffle prizes - presented by the John McAuley:*

The raffle was a big success and raised urgent and much needed funds for the National Front.

13) *Collection - by Norman Tomkinson:*

Yet again, urgent funds were raised to help pay for many of the party's commitments. Sufficient funds were raised to cover 'The Flame' print run and hire of the conference room, as well as the new 30 year old birthday coffee mugs. This was the highest collections for many years. A big thank you to all those who came and gave money.

14) *Conference closing speech, by the Party Chairman John McAuley:*

John reported on the progress of the party and what could lie ahead for the National Front and the promotion of it's sound policies.

15) *Conference closure with the singing of the National Anthem:*

16) *'The Flame' No 3 and the new 1967-97 coffee mugs were available and sold in abundance:*

A friendly drink took place in the main bar, a good opportunity for members to meet and socialize in pleasant surroundings, before making the long journey home.

LIES, LIES AND MORE LIES AS THE NF HITS THE HEADLINES

The National Front is yet again in the news - does it ever stay out! Good or bad the NF IS news. Just the initials NF is good enough to describe us - or is it?

Again the press have been printing trash and lies lately which needs to be corrected.

First, our old mate Bernard Manning has again been upsetting a few people. As guest comedian at a Round Table Dinner in Derby which was attend by 500 hundred people he subjected two black waitress's to what was alleged to be a horrid load of 'racial abuse', as some of the words he came out with happened to be 'wogs', 'niggers' and sambo's.

The black waitress's, so we were told, were so upset that not only did they walk out but took their case to court where they were awarded £10,000. (Not bad for being black!)

The two black waitress's were quoted as having remarked in court 'it was like a meeting of the National Front'...... Was it? Have they ever witnessed an NF meeting? Of course not. NF meeting are well constructed gatherings of sensible people and the NF conducts itself accordingly, and when adjourning to the bar after the political business of the day is over, the odd n----r joke may crop up among the dialogue - just like it did at the dinner in Derby. The papers just love a good NF story - they certainly did regarding this one.

It now remains to be seen whether an NF member currently trying to sue the London Metropolitan Police for unlawful assault will be shown anywhere near the same kind of generosity with taxpayers money - should his case ever be allowed to come to court, that is.

Most weekend's in the 'Sunday People' there is a column by someone called Boom! Boom! Boom! It's Eric Hall Monster Monster. Eric Hall is a cocky little loud mouthed ignorant sports agent and promoter who has various famous football players on his books. In one of his columns he wrote what we consider to be one of the most monstrous lies ever laid against the National Front. He said, and we quote..... 'Talking about stalkers, I've discovered that I was included in a recent list of 100 people most hated by the National Front. I was 86th in their magazine and the police warned me that I might receive abusive phone calls and letters'. 'I'm already getting them I said.'

Well, Mr. Hall, 'show us the proof if you can,' because the National Front have no **'hit list'** and until now your name has never appeared in any of our papers or magazines...... Why should it? As a serious political party, the National Front would **never** give you or anyone else abusive phone calls or letters.

Everything you wrote in your column can only be described as nothing more than a load of hysterical rubbish, such as can only be expected from a sad person like yourself.

Finally, in an edition of the 'Sunday Mirror' there appeared the headline 'WAR HERO ACCUSES THE ARMY OF NAZI LINKS'

It appears that Simon Weston is causing a storm with his new book, linking the British Army with neo-Nazis. Weston 35, who was horrifically burned when the troopship Sir Galahad was struck by an Argentine bomb during the Falklands war, is claiming in his book that the army has been infiltrated by ultra-right wing supporters and racists. Weston claims to have discovered this during his research in Germany over three months.

He also claims that almost an entire company of *The Queen's Household Brigade* were members of the **National Front**.

In his book 'Phoenix', Weston has said 'some of the things that I found out were pretty shocking'

A spokesman for the special investigation branch of the armed forces 'said that it was now a virtual pre-requisite not to have far right views otherwise you are not accepted into the service.

Is it so wrong for any serviceman to have political allegiances? Like any other political party in Britain, the NF does have members in the armed services, but who they are and what regiments we are not prepared to say... why should we? As for the NF being neo-Nazi, that is as ridiculous as calling Tony Blair a Communist.

The National Front totally backed our boys in the Falklands, just like we do in any conflict where British soldiers are. We have discovered that Weston had received help with his book from Gerry Gable, editor of the magazine 'Searchlies' This would be understandable if Mr. Weston had joined some *subversive* group such as 'Militant Labour,' SWP, Red (no)Action or Class War, etc. Despite all that has been aimed at the NF, we still feel for Mr. Weston and what he went through. We can only say to him that he has been misguided in the truth about the NF.

These were just a few of the articles that have appeared in the National Papers. The recent report of the National Front - Referendum Party connection can be found in the October issue of 'Bulldog'
